

WORLDS AT A GLANCE

A short visual survey

V06

Your personal survey code

6 comparisons / 18 quick choices / about 10-15 minutes

Time is an estimate; take breaks if needed.

- 01** Look at A and B. Some pages show world images; others show world organization.
- 02** Choose A, B, Same, or Not sure on each of the three rows.
- 03** Same means no preference. Not sure means you cannot judge from the pictures.
- 04** Judge only what is shown. More rooms or more detail is not automatically better.

Reading the structure pages

people with a home in that place

large objects / equipment

Boxes are places, not walking routes.

- ☐ I am 18 or older.
- ☐ I can understand these English questions.
- ☐ I have read this page and agree to take part voluntarily.

If any of these is not true, please stop.

Have you worked on this system or seen its detailed results?

☐ No

☐ Yes

☐ Not sure

Your choices are used for research summaries. Do not enter your name. You may stop or withdraw by code through the inviter; withdrawal may not be possible after publication. Ask the inviter about storage, payment, and return arrangements.

Click circles and save a copy of this PDF, or fill the Word copy / printout. Return only one copy to the inviter.

Scene: A greenhouse uses clockwork machines to make and manage rain.
