

WORLDS AT A GLANCE

A short visual survey

V07

Your personal survey code

6 comparisons / 18 quick choices / about 10-15 minutes

Time is an estimate; take breaks if needed.

- 01** Look at A and B. Some pages show world images; others show world organization.
- 02** Choose A, B, Same, or Not sure on each of the three rows.
- 03** Same means no preference. Not sure means you cannot judge from the pictures.
- 04** Judge only what is shown. More rooms or more detail is not automatically better.
